Subject: Authorization to Bid Construction of the Palermo Road Storm Damage Repairs

Department: Public Works
Contact: Dennis Schmidt Phone: (530) 538-7681
Meeting Date Requested: July 24, 2018

Department Summary: (Information provided in this section will be included on the agenda. Attach explanatory memorandum and other background as necessary).

In 2017, the County applied for Federal Highway Administration (FHWA) Emergency Relief (ER) funds in the amount of $51,477, for the repair of Palermo Road just to the west of its intersection with Lone Tree Road. These funds will be utilized to repair an embankment slip-out that occurred during the January 2017 storms. Public Works crews have completed the initial slip-out repair. The next step is to improve the roadway surface to improve drainage and help prevent future slip outs. The current project will remove the existing pavement along the shoulder above the slip-out area and provide for repaving the shoulder to better control the drainage water. This project will be constructed during the summer of 2018.

The engineer’s estimate for construction is $45,000 for construction. The total project cost is $50,000, which includes, construction, and construction engineering.

The Department of Public Works requests authorization to advertise and solicit bids for the construction of the Palermo Road Storm Damage Repair Project, County Project # 533-5317-12. The plans and specifications are available for review at the Public Works office, 7 County Center Drive, Oroville, Ca.

Fiscal Impact:

Construction costs are estimated to be $50,000 and will be funded through the ER funding and the Road Fund. There is no impact to the County General Fund.

Personnel Impact:

Does not apply.

Action Requested:

1. Approve the Plans and Specifications; and
2. Authorize the Director of Public Works to advertise and solicit bids for the construction of the project.
