Meeting Date Requested: May 12, 2020

Regular Agenda □ Consent Agenda ✗

Department Summary: (Information provided in this section will be included on the agenda. Attach explanatory memorandum and other background as necessary).

The County contracts with SCS Engineers to provide environmental monitoring and air and water quality reporting services for the NRRWF to comply with permits issued by the California Air Resources Board, Butte County Air Quality Monitoring District, and the Central Valley Regional Water Quality Control Board. On December 11, 2018, the Board of Supervisors approved a contract with SCS Engineers for environmental monitoring and air quality reporting services through December 31, 2021, not-to-exceed $495,000. On July 23, 2019, the Board approved a contract amendment with SCS Engineers to add water quality monitoring and reporting services to the scope of work. The contract amendment increased the contract amount by $505,607, not-to-exceed $1,000,607, and increased the term by one year to expire on June 30, 2022.

The Department of Public Works recommends amending the contract with SCS Engineers to increase the contract amount by $150,000, not-to-exceed $1,150,607 for additional regulatory monitoring and reporting services at the NRRWF. All other terms remain the same.

Fiscal Impact:

The cost for the contract amendment of $150,000 is included in the NRRWF Enterprise Fund budget. There is no impact to the County General Fund.

Personnel Impact:

Does not apply.

Action Requested:

Approve contract amendment and authorize the Chair to sign.
