Subject: Authorization to Advertise and Bid the Lower Centerville Road Project

Department: Public Works

Contact: Dennis Schmidt

Phone: 530.538.7681

Meeting Date Requested: June 25, 2019

Consent Agenda ☒

Department Summary: (Information provided in this section will be included on the agenda. Attach explanatory memorandum and other background as necessary).

The Lower Centerville Storm Damage Project provides repairs to infrastructure damaged by the January 2017 storms. The location of the project is approximately 0.5 miles north of Honey Run Road along Centerville Road.

The Disaster Assistance Program through FEMA and administered by CalOES has authorized the work. The scope of this project is to realign the roadway at the first site near Butte Creek and install a soldier pile wall at a second site where the embankment has failed due to a large fallen tree. The engineer's estimate for construction is $1,800,000 for the work. The total project cost is $2,100,000, which includes preliminary engineering, right-of-way acquisition, construction, and construction engineering.

The Department of Public Works requests authorization to advertise and solicit bids for the construction of the Lower Centerville Road Project.

Fiscal Impact:

The project is funded by FEMA Disaster Assistance Program in the amount of $2,100,000 and is included in the FY 2019-20 Recommended Budget. This project will return to the Board of Supervisors for authorization to award once bids are opened.

Personnel Impact:

Does not apply.

Action Requested:

1. Authorize the project; and
2. Authorize the Director of Public Works to advertise and bid the project.

Administrative Office Review: Casey Hatcher, Deputy Chief Administrative Officer
